Dear

Since being selected as the Conservative Candidate for Bolton North East for the General Election over 18 months ago, I have done my best to meet as many individuals and groups within my constituency as possible, listening to their concerns and taking up any issues where I think I can make a real difference.

As GPs, over a number of years, you have been asked, and in some cases, been required, to make changes to the way your practices function, and it would appear that over the forthcoming years, changes will be implemented once again.

I would now like to hear from you: your views and concerns over past and present legislation that has affected you, both positively and negatively; and equally, any suggestions you may have for how things can be improved in the future. Your comments will be treated with the utmost confidentiality.

May I also take this opportunity to invite you to an open "GP's Forum" on Tuesday 9th September [venue in Bolton t.b.a] where our guest will be Andrew Lansley, Conservative Shadow Spokesperson for Health. Light buffet lunch will be served from 1-30pm followed by the open forum at 2pm. Andrew is keen to hear your views, and I hope the forum will be beneficial for all concerned.

I do hope you will be able to attend and I look forward to hearing from you.

Yours sincerely
