# 60 SECOND Q&A **CHRIS KELLY**

## **Q: Why do you want to be an MP?**

**A:** I'm proud to be Black Country born and bred. Today I help to run my local family business ([www.keltruck.com](http://www.keltruck.com)). So I'm passionate about promoting our area and helping to bring about the change our country so desperately needs. This election is the biggest choice for a generation in our country - as important as the watershed election of 1979, the last time Labour bankrupted Britain. Your new MP will be tasked with making crucial decisions for our future. I'm on the side of the hard-working families in Dudley who have been hit so hard by Labour's economic mismanagement.

## **Q: What can you do for Dudley South?**

**A:** I want to bring my local focus and business expertise to bear for the benefit of everyone living and working in Dudley South.

## **Q: What is your favourite thing about living in Dudley South?**

**A:** The fact that we have vibrant high streets plus the Merry Hill Centre and the Waterfront whilst being on the doorstep of glorious countryside.

## **Q: Favourite moment of the campaign?**

**A:** I expect that will be meeting lots of new people on the doorstep. With more than 30,000 households in Dudley South it's a tall order getting round everyone in person!

## **Q: What will election night be like?**

**A:** Polls close at 22:00 which is when I will join my family for dinner before attending the count and declaration. It will be an exciting but crucial moment for our country as we learn whether or not we've achieved the change up and down Britain that we so desperately need.

# 60 SECOND Q&A

## GRAEME BROWN

### Q: Why do you want to be an MP?

A: Because I think there are so many things in the UK we could do much better, and rather than shout at the TV in frustration, I decided to try and get involved to help change things.

### Q: What can you do for Dudley?

A: I will work alongside the council to push for more investment to speed up the regeneration of Dudley Town Centre, promote Dudley as a great place for tourists to visit and work alongside local businesses to bring more skilled jobs to Dudley.

### Q: What do you like about living in Dudley?

A: You can shop locally in Dudley, Gornal and Sedgley, or you have Merry Hill close by. We also have fantastic tourist attractions, like the Zoo and the Black Country Museum right on our doorstep. If only we could sort out the traffic!

### Q: Most embarrassing moment of the campaign?

A: I was delivering leaflets on Ashenhurst Road and as I walked into someone's drive, I tripped on the curb and fell flat on my face just as a bus drove past! Most of the passengers were laughing and the driver peeped at me as I lay on the ground.

### Q: What will election night be like?

A: Nerve-racking! I'll arrive at the Council House at about midnight for the count. We should know the result by 2am, and win or lose, I'll go back to my local pub to celebrate or drown my sorrows with friends, family and supporters - it will be a late night!

- ✓ Enjoys going to the cinema at Castlegate and having a quiet pint in local pubs
