**A record of ACTION, a promise of MORE!**

**Councillor Pam Bryant** says if re-elected I will continue to:

- WORK** With local residents at the earliest possible stage where significant planning applications are likely to create major change to our quality of life and environment
- WORK** To keep residents informed of any new agreements regarding the proposed SDA making sure that the necessary funding for infrastructure is in place prior to any commencement of building.
- WORK** To make sure the Residents' Parking Scheme is smooth running and, if abused, enforcement action will be taken.
- WORK** With appropriate authorities to gain funds for road and pavement maintenance and improvement, additional road signs and other street furniture.
- WORK** With the Police and other authorities to create and maintain a safer Borough of Fareham and particularly North Fareham.
- WORK** To deliver quality services for the people of Fareham .
- WORK** To see councils continue to be run in an efficient, cost-effective and businesslike way.
- WORK** As a servant of the community, not as its master and encourage pride in our local community.
- WORK** To preserve decent, common sense values and ensure councils promote these values, and do not experiment with political correctness.

**I intend to keep fighting on these and many other local issues.**

**Please make sure you return Pam Bryant to represent you on Fareham Borough Council on Thursday, May 6. YOUR vote counts.**
