

**SUCRAVELL**

**THE FACTS**

**With Polling Day in the Hucknall Central by-election on Thursday 11th February, we thought it important to clarify a number of issues:**

- FACT** Nottinghamshire County Council's 2010/11 budget will **INCREASE** by **£8million**, including an extra **£5million for adult social care and health** and **£2million for children and young people**. Conservatives are investing in services for the most vulnerable in our County.
- FACT** Under Labour, Council Tax in Nottinghamshire doubled since 1997. Local Conservatives believe Hucknall residents know best how to spend their own money. Conservatives will ease the burden on all Nottinghamshire taxpayers - including hard working families and pensioners - by **FREEZING** Council Tax in 2010/11.
- FACT** Nottinghamshire County Council is **NOT** closing old people's homes across the County. Our plans seek to hand over the management of care services in the last 13 care homes run by the County Council to the private sector. Care for the elderly is their core business and they are in the best position to provide the first class care our elderly residents deserve. If buyers can't be found, then there will be no change.

Local Hucknall resident, **Mick Murphy**, cares passionately about our town and seeks your support to continue his positive campaign to make our community an even better place to live. **Mick hasn't just arrived for the by-election - as a local Councillor and campaigner, he fights for you all year round.** And it's because he's lived in Hucknall for 30 years, that he knows and understands the issues which matter most to local people.

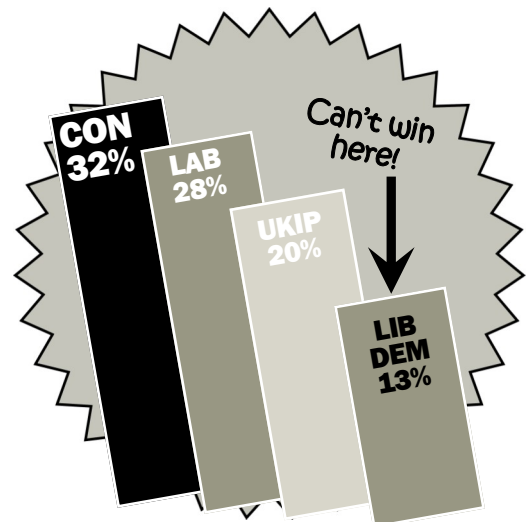

Mick is disappointed, but not surprised, that local Liberal Democrats have chosen to run a misleading campaign in this by-election against the new Conservative administration at County Hall. Their own campaign manuals advise them to "Be wicked, act shamelessly, stir endlessly ..... don't be afraid to exaggerate." (*Effective Opposition pp 21 and 23*)

**With Mick, what you see is what you get. Mick will always stand up for local people and the town he loves. He asks for your support on Thursday 11th February.**
