Shoebury

This community is important to me. This is why I have decided to stand for re-election in the forthcoming local elections on Thursday 1st May here in West Shoebury.

As your local councillor, I have a proven track record of helping local residents who have problems with local services and would be honoured to serve for another four years as your local councillor.

I live in the heart of our local community and am also a member of the Shoeburyness Community Centre's Charitable Trust.

As this may be the last opportunity to speak to you before polling day, I would like to thank the many hundreds of residents who have returned my surveys, responded to my literature and pledged their support.

I have enjoyed reading your comments and views and if I am re-elected I will not let you down! I

pledge to put the interests of West Shoebury first before party politics and look forward to taking action on the issues which concern you most.

*Cllr Liz Day*

P.S. With your help and support together we can win this election.

## Liz Day takes action on Shoebury Leisure Centre

Following many complaints from local residents about dirty conditions, Cllr Liz Day has taken action at Shoebury Leisure Centre.

As a result of the complaints, Liz carried out a spot check of the Centre. Following a meeting with the management of the

pool, a deep clean of the centre has taken place.

New boilers have also been installed and a refurbishment of the changing rooms will be carried out later this year.

Liz pledges to continue to monitor the Leisure Centre.

## Re-elect Liz Day on Thursday 1st May 2008

# Conservatives say no to travellers in Shoebury

At a recent meeting a Lib Dem councillor from Southend voted to support a 15-place traveller site in Southend.

At further council meeting the Deputy Leader of the Labour Group suggested we put travellers in our

parks. Shoebury may become a target for such a traveller site by the Lib Dems and Labour in the future.

Liz and her fellow Conservative councillors in West Shoebury will firmly oppose such a move to put travellers in Shoebury.

## Liz urges council to open Shoebury Information Shop

A few years ago Shoebury had it's own information shop which provided valuable help and advice for the local community.

Unfortunately due to high commercial rents the shop closed.

The council office in Delaware Road recently closed and Liz is trying to bring it back into the community as the new home for the Shoebury Information Shop.

## Road safety improvements for Ness Road

Following action by local residents and your Conservative councillors, a new pedestrian crossing is to be installed in Ness Road.

The speed limit on the road from the Asda roundabout has been reduced from 40mph to 30mph.
