YOUR PRIORITIES ARE MY PRIORITIES

- 1** I will be campaigning for better street lighting in some of the most poorly lit roads in the ward.
- 2** Shoebury schools do a fantastic job and I will be fighting for more investment in Shoebury schools.
- 3** Shoebury Leisure Centre serves the Eastern Part of our town and I will be pushing for further investment to bring the centre into the 21st Century.
- 4** To ensure a mix of shops in our local Shopping areas I will personally oppose any new planning applications for any more takeaways.
- 5** I will always stand up for our community and put West Shoebury residents first. I will choose what is right for West Shoebury.

The council tax rate rise is the second lowest of any similar size unitary authority meaning that Southend has the second lowest council tax in Essex.

Conservatives believe that the children are this town's future and have pledged to invest over £54 million in our schools over the next five years.

The City Beach scheme will re-generate the area between the Pier and the Kursaal. The parking bays in Western Esplanade will also be re-configured

U16's and Over 60's now swim for free in all borough swimming pools. The new swimming and diving facility is also nearing completion.

The Pier is one of the jewels in Southend's crown. £3 million has been reserved in this years budget for a new building on the Pier Head and it's structure.

Record of action...another year of fighting for West Shoebury
