CONSERVATIVES LOCALLY LIST HISTORIC BUILDING

Local Conservatives have been successful in saving the old cinema in Ness Road from complete demolition. The building which opened in 1913 and closed as a cinema in the 1960's has had

the facade locally listed which means any future planning application will have to restore the front of the building back to its former glory. With many buildings in and around the Garrison listed it was

important to local Conservatives that nearly 100 years of history wasn't lost. The news has been greeted positively by local residents especially those to whom the building is dear to their hearts.

£350,000 For Improvements To East Beach

Shoebury East Beach will get a £350,000 revamp with new picnic areas and improved parking facilities. Shoebury residents have told your local councillor's in the past that they want action to stop youths speeding, playing loud music and driving

dangerously. In addition a new foot and cycle path will be added. There are plans also to tidy up the existing High Street footpath and add some low level security lightening. The proposals will also mean that more land is free of cars

and more trees will be planted making the area more attractive to users. A briefing session is being held for West Shoebury residents on the proposed improvements at East Beach at Shoebury High School on Thursday 28th May from 18:00 - 21:00.

INDEPENDENT PARTY WATCH...

Did you know? At a recent council meeting a local Independent Party councillor said he was a "Conservative at heart".

Again, we ask, how can you be an 'Independent' if you are a Conservative at heart? It does pose the question why bother voting for the Independent Party when you can get the real thing!
